RURAL REGENERATION GRANTS

APPLICATIONS DUE: 15th DECEMBER 2023

The City of Greater Bendigo has launched the Rural Regeneration Grants to assist farmers and lifestyle property owners to implement best practice sustainable land management that benefits the farm, community, and the environment. Applicants can apply for up to \$2000, with equal co-contribution demonstrated for residents of Greater Bendigo in the Farming Zone and in the Rural Conservation Zone. If you do not know what zone you are in, please check below for the location tool.

The program aims to support projects that:

1. Support and promote the adoption of sustainable and regenerative land management practices.
2. Assist farmers and other land custodians to prepare their properties to be 'climate ready' and resilient in the face of climactic changes.
3. Increase biodiversity and improve water quality & soil health on properties.

We are also offering a free Farm Visit from the Biodiversity Officer and Agribusiness Officer to assist in Project design, and to learn more about regenerative agriculture.

Please click on this link: <https://www.bendigo.vic.gov.au/community-services/grants-events-and-volunteers/rural-regeneration-grant>, for Guidelines with further information, and the link to apply.

Applications are OPEN NOW, and will close 15/12/2023.
